

Ai sensi della Certificazione ISO 9001, tutte le fasi del processo produttivo, a partire dall'arrivo delle materie prime fino alla scelta e confezionamento del prodotto finito, vengono opportunamente verificate da personale esperto attraverso accurati controlli di qualità. Il sistema di qualità dei siti produttivi Ceramiche Moma viene verificato con frequenza annuale da un ente esterno certificatore attraverso accurate visite ispettive.

La marcatura CE è la certificazione di sicurezza del prodotto richiesta dall'Unione Europea e ha lo scopo di salvaguardare la tutela delle persone.

La certificazione VOC - COV è un sistema che attesta la quantità di composti organici volatili rilasciati da un prodotto e lo etichetta in base a una serie di classi di merito, in un range compreso tra la A+, la classe migliore, e C, la classe peggiore. I prodotti di Ceramiche Moma sono in classe A+ in quanto non rilasciano nell'ambiente sostanze nocive per l'uomo.
